Hint cards - level 3 (spoilers; keep with host)

1. Finder

Cross Tooth off for the other two people. Apply the last NOT rule, then find Finn's item.

2. Pieces

The known entries leave 11. How much must return to reach the closing stock of 16?

3. Track

Compare the remaining numbered pairs one by one. Add one mark for each unequal pair, then count all your marks.

4. Label

In that row, copy column 5, the cell immediately after the complete word.

5. Drawer

Begin with B, then read B3, C1, D2 in order. Use the complete word's conversion row.

6. Final

Read slots A2, C2, D2, B2, E2. Copy every stored digit in that order, including zero.
