

Museum Shadow Case

You're invited to a mystery!

Join Birthday Explorer for Museum Shadow Case.

A frame was moved during a projection test; the first room note describes the rehearsal, not the later move. Work together to locate the puppet frame.

Date: _____

Time: _____

Place: _____

Bring your curiosity. Paper and pencils are provided. Share ideas and solve six clues together.

Designed for ages 8-10. Estimated 35-50 minutes.
