

Toy Workshop Delivery

Hint cards - level 1 (spoilers; keep with host)

1. Maker

No item can belong to two people. Cross out each forbidden pairing.

2. Stock

The missing amount is a return into stock. The cancelled delivery never happened.

3. Labels

Compare position 1 with position 1, not with a nearby matching shape.

4. Weight

Loose units are not parcels. Every parcel has equal weight.

5. Dispatch

The printed cards are deliberately out of order.

6. Final

Keep all five named badge results beside this sheet.

Toy Workshop Delivery

Hint cards - level 2 (spoilers; keep with host)

1. Maker

Ben cannot have two items, so Ben must have Spring.

2. Stock

Start with 10. Apply +5 then -2. Ignore the cancelled +7.

3. Labels

Position 1 is one difference: hexagon in A, square in B. Mark it once.

4. Weight

Remove 4 loose units from 28. That leaves 24 for the equal parcels.

5. Dispatch

Test parts must come first. Work out which action comes directly after it.

6. Final

Use C1=Maker, C2=Stock, C3=Labels, C4=Weight, C5=Dispatch.

Toy Workshop Delivery

Hint cards - level 3 (spoilers; keep with host)

1. Maker

Cross Spring off for the other two people. Apply the last NOT rule, then find Ben's item.

2. Stock

The known entries leave 13. How much must return to reach the closing stock of 15?

3. Labels

Compare the remaining numbered pairs one by one. Add one mark for each unequal pair, then count all your marks.

4. Weight

Share 24 equally among 3 parcels. Substitute one parcel's weight into the second rule.

5. Dispatch

The first two actions are Test parts, then Fit gears. Finish the chain and read position 3.

6. Final

Each wrong record differs in just one column. Cross out all five wrong records, then copy the complete remaining code.
